Course Description & Objectives

This course serves as a substitute for COUN 6305 Counseling Internship, for students unable to take the classroom offering of that course due to scheduling or other approved conflicts.

The student will complete 150 or more hours of supervised clinical practice in the community at a site approved by the faculty/staff of the Clinical Mental Health Counseling department. These hours are in addition to the 150 hours of supervised practice required of all students in COUN 5368 Counseling Practicum. The student will also meet individually with the instructor for five or more 45-60 minute individual supervision meetings.

Required Reading

Course Requirements

1) Completion of required clinical hours (see above)
2) Attendance and participation in 5 or more individual supervision meetings with the instructor (see above)
3) 8-10 page reflection paper: Professional counseling identity

Academic Integrity: Cheating or plagiarism on assignments or exams will not be tolerated and may result in a failing grade on an assignment or exam and referral for disciplinary action. Please read the statement on academic integrity found in the Undergraduate Catalog.

Late Assignments will result in the reduction of the grade by 5 points for each late class day. The last day to submit late assignments is the last regularly scheduled class period before final exams.

Students with Disabilities: If you have a documented disability that will impact your work in this class, please contact me to discuss your needs. Additionally, you will need to register with the Counseling and Disability Services Office in Crooker Center. This office can be reached at (713) 525-6953 or 3162.
