Course Description for Popular Piety

The second part of Mary and Popular Piety is designed to study the principles and guidelines for the celebration and evaluation of the various devotions and rituals which make up the popular piety of the many peoples of the Church and how these ritual celebrations harmonize with the liturgy of the Church. Basing our study on the principles and guidelines found in the Directory on Popular Piety and the Liturgy from the Congregation for Divine Worship and the Discipline of the Sacraments, we will critique the rituals and devotions commonly found today, especially Marian devotion and Eucharistic Devotion.

Topical Outline

The second half of the semester will begin on October 13 and conclude with the final exam which will be oral. All readings for course content will be found on Blackboard.
